The Citizens of Lorain County:

Sherry L. Glass
Judge

The Court is very pleased to present our 2018 Annual Report for your information and use. This report documents the Court's continuing efforts to enhance the services and programming provided to Lorain County citizens. Significant areas of activities are documented throughout this report through narrative, operating statistics and data.

Frank J. Janik
Judge

The Court has a long-standing approach of maintaining a high level of services for the citizens of Lorain County. The Judges and staff pledge to seek innovative and efficient means of providing these services. We extend our gratitude to our many friends in the community for their continual support, collaboration and encouragement.

We hope you find this report enlightening and informative and we welcome any questions or comments.

Lisa I. Swenski
Administrative Judge

MISSION STATEMENT

Lorain County Domestic Relations Court will serve the Citizens of Lorain County in a professional, dignified and timely fashion. The Court will protect the public interest, make cost-effective use of public funds, engage appropriate community resources in providing services, and endeavor to provide for the safety of the public. The Court will strive to ensure that parties receive a just determination in every Court proceeding and enforcement of their constitutional and legal rights. Foremost, the Court will provide for the care, protection, and well being of the children and families who come before it.

FORWARD

The Domestic Relations Division of the Lorain County Court of Common Pleas is a dual jurisdiction court; it has exclusive jurisdiction over both Domestic Relations Court and Juvenile Court matters. In the exercise of its Juvenile Court jurisdiction, the Court has the responsibility to hear and determine all cases and issues concerning children in Lorain County, Ohio. In addition, the Court administers juvenile justice programs and operates facilities that provide for the custody, care and rehabilitation of youth within its jurisdiction in order to balance public safety and juvenile accountability while working to prevent recidivism.

The Court enjoys a strong collaboration with its community justice partners including but not limited to the Board of Mental Health, the Alcohol and Drug Addiction Services Board of Lorain County, the Board of Developmental Disabilities, and Lorain County Children Services. These collaborative efforts have allowed the Court and the county agencies to maximize their resources while providing quality services and programming to the children and families they serve.

The Court operates three specialized dockets that have been certified by the Supreme Court of Ohio: Juvenile Drug Court, Family Drug Court and Juvenile Mental Health Court. This therapeutic, evidence-based approach to addressing substance abuse and mental health concerns is possible through the teamwork of court staff, agency providers and the families being served. Lorain County's drug courts and team members have received awards and accolades for their compassionate and effective delivery of this model.

The Court and its employees remain committed to ensuring the best interests of the children who come before it through its administration of the Court's Voices for Children CASA GAL program, mediation, supervised visitation, a dedicated child support unit, diversion, juvenile probation, the school attendance program, Turning Point shelter, the boys and girls group homes, and the Juvenile Detention Home.

Indigent litigants in criminal or juvenile delinquency/unruly proceedings have a Constitutional right to be represented by an attorney. In Lorain County, indigent parties who qualify are represented by court-appointed counsel. In order to ensure consistency in attorneys' qualifications to handle these matters, the Ohio Public Defender's Office implemented education and experience requirements that these attorneys must meet in order to qualify to be appointed to represent these litigants. The Court enacted a local rule and application process to ensure that the attorneys it appoints meet these qualifications.

The following pages provide a foundation to more fully explain the makeup, responsibilities and work of the Court.

Jody L. Barilla
Court Administrator

JUDGES

The three Domestic Relations/Juvenile Court Judges are very active in their courtrooms, hearing a variety and multitude of cases. The Judges refer a wide range of cases to the Magistrates. The type of cases and matters heard by the judiciary include, but are not limited to, the following:

Marriage dissolutions

Divorces - contested and uncontested

Civil protection order petitions - domestic violence

Pre and Post-Decree domestic relations contempt motions

Juvenile delinquency hearings involving the following:

- Motions to Transfer Jurisdiction of a juvenile crime to adult court
- Commitments to the Department of Youth Services (DYS)
- Out-of-home placements
- Serious Youthful Offender matters
- Cases involving juvenile sex offender registration and notification

Objections to Magistrate's orders and decisions

Motions to vacate Magistrate's orders

Motions to vacate final judgments

Permanent surrenders for adoptions

Judicial bypass hearings

Judicial releases from DHS

Consent to marry requests made by minors

MAGISTRATES

Due to the volume of cases and hearings before the Court, Magistrates are essential to the work being accomplished in an expedient and efficient manner. All Magistrates are licensed attorneys.

PERSONAL COURT MAGISTRATES

Each Judge has three Magistrates on his or her personal staff, having general responsibility for covering all Domestic Relations and Juvenile Court cases assigned to his or her Judge's docket. Types of cases, issues, and hearings heard by the Magistrates are determined at the discretion of their Judge.

GENERAL COURT MAGISTRATES

Several areas in the Court require Magistrate involvement. The following comprise this group (the departments are described later in this Report):

Intake Magistrate – An Intake Magistrate, with an office located in the Boys' Detention Home has a multitude of duties. The Intake Magistrate reviews all requests for detention and admission to the shelter care facility. The Magistrate conducts a variety of hearings, including arraignments on children brought to the Detention Home and hearings on unruly matters. She also hears all truancy cases filed with the court.

IV-D/Domestic Support - Two full time magistrates, in a dedicated unit, conduct IV-D child support hearings.

ADMINISTRATION

Jody Barilla, Court Administrator

Administration is responsible for the management and direction of all Court operations, with the exception of the Judges and their personal staffs. The team is made up of the Court Administrator, Deputy Court Administrator and the Administrative Assistant.

The Court consists of four departments with approximately 163 employees, including Judges and personal staff. These departments include: Probation and Youth Services, Juvenile Clerks Division, Fiscal Management, and Residential Services. Court operations include: service provider contracting; fiscal management; grant writing; human resources; program planning, implementation, development, and evaluation; handling disciplinary issues and conducting disciplinary hearings; and public relations/media contact.

The Deputy Court Administrator is responsible for the following: recruiting, interviewing, performing background checks and selection of qualified applicants;

developing and planning staff training; developing and managing special projects; and human resources management. This position also acts in the place of the Court Administrator when the Court Administrator is unavailable.

FAMILY COURT SERVICES

This department's services can be accessed either by Court order or by party request when an agreement as to issues of custody and visitation cannot be reached or when assistance in compliance with orders of a divorce decree is needed.

Family Court Services covers six major areas:

1. Court-Ordered Mediation
2. Pro-Se Mediation
3. Visitation Assessment
4. Home Study
5. Seminar for Separating Parents
6. Seminar for Unmarried Parents

Court-Ordered Mediation is a process whereby the parents and a third-party mediator work together to gather information, isolate issues of disagreement, generate options to settle those issues, negotiate among those options, and reach a mutually satisfactory agreement to accommodate the needs of both parents and their children. This past year, 26 cases were submitted for court-ordered mediation with 14 cases reaching agreement. Agreements were approved by the Court for a 53% success rate. Hearings were held for all mediated agreements.

The **Pro-Se Mediation** program enables citizens who divorced, established parentage in this county, or obtained an administrative order of paternity through the Lorain County Child Support Enforcement Agency to avail themselves of mediation. Issues for mediation include property that has not been returned or transferred, exchange of medical insurance information, unpaid medical bills, noncompliance with visitation schedules, and establishing visitation. In 2018, the Court received 144 referrals with 30 cases mediated. Agreements were reached in 66% of the cases mediated.

The **Visitation Assessment** unit assists the Court and parties in the implementation of visitation orders. This assistance may include an investigative report with recommendations to the Court regarding companionship, implementing or monitoring visitation schedules, and supervising visitation in the Department. A visitation assessment may be requested by either a client or his/her attorney but requires an accompanying Court order to access the service. In 2018, there were 52 cases referred for assessments with 104 reports completed and submitted to the Court. These reports include facilitation reports,

supervised visitation reports, and additional reports. A total of 259 supervised visits took place in the department this past year serving 625 clients.

The **Home Study** unit prepares an investigative report to the Court. Information is gathered through interviews with parties and outside resources. The study assists the Court in determining the most appropriate placement for the children and must be accessed by Court Order.

Home Studies Received for Investigation

Divorce	6
Allocation of Parental Rights	18
Out of County	0
Total	24

The **Seminar for Separating Parents** is a required program that seeks to better inform parents about the impact of divorce on their children and provide them with the information to help minimize conflicts. The two-hour presentation provides pertinent information and resources early in the divorce process and strives to enhance the likelihood of parental cooperation. Attendance is mandatory for parents with minor children, with the philosophy that a child's future welfare depends upon the parents' ability to help their children navigate the divorce without being subjected to unnecessary parental conflict. Retired Judge David A. Basinski and Family Court Services' staff present the seminar. A Court-produced video specifically addresses the needs of separating parents and is shown at times when the Judge is not available. The Court's publication, From Crisis to Cooperation, is a guide to assist families in coping with the divorce process and is given to all participants. This past year 702 parents completed the seminar.

The **Seminar for Unmarried Parents** was developed to help unmarried parents understand both the legal and emotional issues involved with visitation. Family Court Services' staff facilitates the seminar and a Court magistrate is present to answer legal questions. The Court-produced video illustrates the importance of positive parental communication, the need for positive parent/child contact, and answers common legal questions. The seminar is provided at no cost to the participants. The seminar is followed by the offer of individual visitation conferences designed to develop a companionship schedule for the non-residential parent. This past year 181 parents completed the seminar.

VOICES FOR CHILDREN

Voices for Children (**VFC**) is affiliated with and a member of the nationally recognized Court Appointed Special Advocate (**CASA**) Program. Voices for Children's purpose is to provide volunteer guardian ad litem (**GALs**) to the Court to advocate on behalf of the neglected and dependent children coming before it. The GAL volunteer undertakes an investigation into the circumstances and the

family life of the child. They review records, interview parents, relatives and foster parents, talk to teachers, neighbors and most importantly, the child. Upon completion of the investigation, the GAL appears in Court, provides the information and makes recommendations to the Court as to what course of action is in the best interest of the child.

GAL volunteers must complete 30 hours of pre-service training which includes four classroom sessions (30 hours) and additional hours for courtroom observation (minimum of 2 hours). All GALs are screened, interviewed, and a criminal background check is administered through the Web-Check System. The Judge administers an oath and the volunteers are then recognized as Officers of the Court. In addition, the volunteer CASA/GAL is required to attend 12 hours of continuing education annually.

The success of the Voices for Children Program is due to the commitment of the volunteers recruited from within the community, the program and support staff, private citizens, community organizations, the business community and the Voices for Children Board. The Board assists the program in fund raising, marketing, and public awareness of the Voices for Children Program.

2018 Funding

County: \$16,638.26
VOCA (Grant): \$197,391.00
State (SVAA): \$3,119.00
Total: \$217,148.26

Volunteers

The volunteers represented a wide diversity, similar to the population of Lorain County.

- 133 active volunteers
- Ages: 21 to 60+ (median age – 51.1)
- 113 Females and 20 Males
- Education spans high school graduate to post college graduate
- Diverse racial mix: Caucasian (115); African American (3); Hispanic (7); Asian (4); Multi-Racial (3); American Indian or Alaska Native (1)

Children Served

- Total number of children served in 2018: 399
- Gender of children served: Female (203); Male (196)
- Ages of children served: Birth to 5 (226); 6 to 11 (127); 12 to 15 (36); 16 to 17 (9); 18 and above (1)
- Racial Makeup of children served: African American (77); Caucasian (249); Hispanic (31); Multi Racial (42)

Reasons for # of closed cases

- Adoption: 14
- Case Removed from Docket: 10
- Case Transferred to another Jurisdiction: 1
- Remained with Parent throughout the Case: 37
- Placed with Legal Guardian: 70
- Placed with Interested Third Party: 7
- Returned to Family: 29
- Family Moved: 0
- Death of a Child: 1
- Child Aged out of System: 0

Total number of children whose cases were closed in 2018: **169**

JUVENILE CLERKS DEPARTMENT

Kim Higgins, Chief Deputy Clerk

Juvenile Clerks

In Lorain County, The Administrative Judge is the Ex Officio Clerk of the Juvenile Court. All cases filed are processed through the Clerk's Office at the Lorain County Justice Center on 225 Court Street in Elyria. The Clerk's Office consists of the Chief Deputy Clerk, Assistant Chief Deputy Clerk, 4 Team Leader Clerks and 14 Deputy Clerks. The Clerks provide customer service to the general public, attorneys, and various officers of the court and the positions require a broad knowledge of the court and its functions. The Clerk's Office staff screen, process and image new complaints and motions; send service to notify parties of court dates; prepare mandated and internal statistical reports; establish restitution accounts; and process financial transactions for restitution, fines, court costs, purges, bond, and other ordered fees.

DEPARTMENT OF PROBATION AND YOUTH SERVICES

Patricia Wilson, Director

INTRODUCTION

The Department of Probation and Youth Services provides direct and indirect services for youth who have been referred to the Court for delinquent (misdemeanor and felony level) and status (ungovernable, curfew, etc) offenses. The department encompasses Juvenile Probation and related programs, the Investigation and Referral Department, the Intake Department (the Intake function that controls admissions to the Detention Home and conducts initial detention hearings), the Pay-Back program, Community Service and the

Court/School Attendance program. Department personnel make recommendations to the Magistrates and Judges on all cases.

The Court has continued to serve youth and families that are identified by the Court for supervision and other on-going services in Calendar Year 2018. In addition to supervision and internal Court programs, Court staff collaborate with community agencies to ensure that services and resources are identified and secured to assist youth and families and to reduce or eliminate barriers and address their needs. The Court seeks grants and funding for services available to assist families and works closely with community providers addressing the needs of the shared population we serve.

The Department of Probation and Youth Services has been incorporating evidence-based practices and best-practices approaches and programs in case plans for youth and family interventions. Cognitive based therapy, Strengthening Families, Thinking For A Change, In-Home Based Treatment, Girls' Circle, Boys' Council, the PREP program, Anger Reduction Training, Pro-Kids and Keeping Your Cool are examples of programs that have been utilized throughout 2018. Several staff members have been trained to facilitate these programs and utilize these skills in their one-on-one supervision of youth on probation.

The Probation staff utilizes the Ohio Youth Assessment Survey (OYAS), a Risk/Needs assessment tool developed by the University of Cincinnati specifically for the State of Ohio. This instrument assists the Court in effectively targeting services and interventions that result in a higher rate of successful completions of Probation by reducing risk factors. Assessing youth and providing strength-based approaches, geared at reducing risk factors, continues to be the foundation of our programs. Effective screening results in case plans that assist in determining the most appropriate supervision and programming for a youth and their family.

The Probation staff provides different levels of supervision to Court-involved juveniles who remain in the community. The diverse strengths and needs of juveniles and their families require unique interventions and levels of supervision. The programs and services are as follows:

INVESTIGATION AND REFERRAL TEAM

The Investigation and Referral Team, through information gathering, investigation, and case assessment, makes a recommendation to the Court as to the appropriate level and type of Court intervention for juveniles that may need probation services.

Case Planners review cases prior to disposition and develop case plans when needed. The process includes screening (using the MAYSI and OHIO SCALES), completion of the DIR and OYAS and a review of the findings. If warranted, a mental health screening, psychological assessment, psychiatric evaluation or an alcohol/drug assessment may be arranged. Upon referrals to Court programs,

the program staff will provide input into the case plan development. Recommendations will be created based upon the information that is gathered. The task of I & R becomes blending the level of supervision with the risk for re-offending and the needs of the child and family, and identifying community resources to address the concerns revealed in the I & R process.

At disposition, these recommendations will be presented for the Court's consideration, reflecting a specific case plan for the youth, including community control expectations for all parties and therapeutic interventions. In 2018 there were 252 cases referred.

There is an ongoing effort to continue to review and augment our evidence based programming.

The department employs an Education and Program Specialist, who coordinates the psycho-educational programming offered by the Court. The Education and Program Specialist also provides direct services to youth who are sentenced to the Detention Home. When needed, community based services may also be provided to families who otherwise might not have access to them.

A forensic psychologist is contracted to provide evaluations for youth when mental health or developmental concerns are present. The psychologist also provides competency, bind over and parental evaluations when needed. The psychologist is available for staff consultation as well. In 2018, this psychologist provided 109 evaluations.

The I&R Program Manager also acts as the liaison for the Bellefaire Juvenile Offender Project, a collaborative effort between the local Mental Health Board, Lorain County Juvenile Court, and Bellefaire Jewish Children's Bureau. The project provides for an extensive psychological evaluation of violent juvenile offenders, residential placement for continued evaluation, if needed, and ongoing in-home services.

The comprehensive evaluation involves psychometric testing, review of collateral contacts, assessment of family functioning and review of Court records. From this evaluation, recommendations are formulated to address the identified needs.

During 2018, 14 youth were provided with a psychological evaluation through the Juvenile Offender Project and Bellefaire JCB. Additional youth were evaluated by a private contractor. The recommendations provided through the evaluation process were instrumental in determining an appropriate level of supervision and direction for Court intervention and referral.

Court-Sponsored Psycho-Educational Programs

Psycho-educational groups are interventions intended to reduce the risk factor associated with criminal behavior. During 2018, the Court utilized evidence-based programming to address criminogenic factors. Evidence-based programs are those whose outcomes have been researched and found to be effective.

Training was provided to staff to assist in the facilitation and presentation of these groups.

Anger Management

In 2018, two anger management programs provided basic intermediate psycho-educational groups to aid juveniles and their parents in addressing anger issues. Aggression Replacement Training (ART), facilitated by Court staff, is an intensive ten-week, twenty-session program. Keeping Your Cool (KYC) is a skill building program that provides strategies to control anger and aggression and looks at changing your thinking in order to effect change. It is comprised of ten (10) consecutive sessions.

Aggression Replacement Training (ART)

- 26 Youth Ordered
- 22 Completions
- 13 Unsuccessful / Terminations
- 1 Carry-over

Keeping Your Cool (KYC)

- 27 Youth Ordered
- 18 Completions
- 13 Successful
- 3 Unsuccessful / Terminations
- 2 Neutral Terminations
- 9 Carry-overs

Strengthening Families

The Strengthening Families programs' goals are to prepare youth for their teen years, avoid problems with drugs and alcohol, and strengthen family communication. Parents discuss what youth in the age range of their groups are like, making rules and enforcing consequences, how to solve problems with youth and ways to show love and support. The youth learn how to handle frustration, resist peer pressure, appreciate parent/caregivers, and how to get along with others.

- 14 Youth Ordered
- 11 Completions
- 2 Unsuccessful / Terminations
- 1 Neutral Termination

Thinking For A Change

Thinking For A Change is a cognitive behavioral program that addresses problem solving, social skills and cognitive self-change. The program utilizes role-plays,

as well as other appropriate interventions. The goal is to change behavior as a result of changing thoughts.

- 25 Youth Ordered
- 22 Completions
- 3 Unsuccessful / Terminations

Girls' Circle

The "Pathways to the Future" curriculum is a skill building support circle for use with at-risk or Court-involved girls. It examines thoughts, beliefs and actions about friendship, trust, authority figures, mother/daughter relationships, sexuality, dating violence, HIV, drug abuse, stress and goal setting. It encourages girls to explore their choices and decision making through lively, prepared discussions and activities.

- 32 Youth Ordered
- 15 Completions
- 9 Successful
- 3 Unsuccessful / Terminations
- 5 Carry-overs

Boys' Council

Boys' Council is a strengths-based group approach to promote boys' and young men's healthy, safe development and encourages them to act safely, show respect in their relationships, develop a healthy perspective, see other's points of view, use good judgment and identify goals and dreams. The topics that may be addressed include: competition, bullying, valuing diversity, safe expression of emotions, making safe and healthy decisions and rejecting violence.

- 33 Youth ordered
- 23 Completions
- 7 Unsuccessful / Terminations
- 3 Carry-overs

Personal Responsibility Education Program (PREP)

The Personal Responsibility Education Program is a comprehensive sex education program that provides young people with complete, medically accurate and age appropriate sex education in order to help them reduce their risk of unintended pregnancy, HIV/AIDS, and other sexually transmitted infections (STIs) and to educate young people on both abstinence and contraception to prevent pregnancy and sexually transmitted infections, including HIV/AIDS.

In addition to education on abstinence and contraceptive use, PREP also offers services to prepare young people for adulthood by implementing activities that address the subject areas below:

- Healthy relationships, including development of positive self-esteem and relationship dynamics, friendships, dating, romantic involvement, marriage and family interactions;
- Positive adolescent development, to include promotion of healthy attitudes and values about adolescent growth and development, body image, racial and ethnic diversity, and other related subjects;
- Financial literacy, to support the development of self-sufficiency and independent living skills;
- Parent-child communication skills;
- Education and employment preparation skills;
- Healthy life skills, such as goal-setting, decision making, negotiation, communication and interpersonal skills, and stress management.

23 Youth ordered

20 Completions

3 Unsuccessful / Terminations

COMMUNITY CONTROL

Juveniles placed on **General Community Control** have been assessed as not needing significant and intensive Court services. However, they are required to complete a Court ordered case plan. Juveniles placed on General Community Control are assigned a Community Control Officer (CCO). The Officer monitors the juvenile's compliance with Court orders and case plans through contact with the juvenile, school officials, parents, service providers and other people significant in the juvenile's life.

The juvenile and family are responsible for completing case plan components and following all rules of Community Control. The Officer is responsible for submitting reports to the Court regarding the youth's progress or behavioral concerns. Rewards and sanctions are administered through continual oversight of the juvenile's conduct. The responsibilities of the CCO include notifying all parties of hearings, providing security services for the Court, participating in meetings with outside agencies, assisting families in working with those agencies and working with various school systems.

Five (5) Community Control Officers (inclusive of the specialized Sex Offender Community Control Caseload) are assigned to the General Probation unit of the department. These officers serve youth and families from all the communities of Lorain County, as well as youth who are maintained on probation that live out of County. A total of 290 juveniles were served on **General Probation** in 2018. Eight-three percent (83%) of juveniles successfully released from Community Control upon completion of their individual case plans decreased their Risk score based on the OYAS standards. These included youth who were placed on Temporary Orders prior to final disposition of their case. General Community Control Officers also provide supervision for those adults placed on supervision for Contributing to the Unruliness or Delinquency of a Minor.

The Court can place an adjudicated youth on **Monitored Time**. While on Monitored Time, the juvenile will be required to report to the Community Control department on a predetermined basis. A total of 63 juveniles were served on Monitored Time/Community Control in 2018. For the majority of the year, one Community Control Officer was responsible for this caseload. Duties include making phone contact with the youth, parents, school and service providers and reporting the progress of the youth to the Court. The CCO also closely monitors the Magistrates' dockets, tracks continued cases and does initial interviews of youth and families referred for additional Court services.

IN-HOME DETENTION

The In-Home Detention Program provides a service that offers an alternative to detaining a youth in the Detention Home. Juveniles designated for placement in the program are generally less serious offenders who do not appear to represent a danger to themselves or to the community. The release of some youth from the Detention Home will require the use of electronic monitoring equipment, inclusive of landline, cell and GPS units, which is supervised by program staff. Use of this equipment permits 24-hour monitoring of a youth's adherence to "home detention". To ensure compliance, all youth accepted into the program are required to sign a contract. Parents, or legal guardians, are also required to pledge to ensure compliance and to report any non-compliance with program rules.

Court personnel (Program Manager, Community Control Officer and three part-time Surveillance Monitors) monitor the adjustment of the youth while they are in the program. Random home visits and phone calls are conducted repeatedly. Staff will also visit schools and work sites to ensure compliance with the rules of the program and the signed contract. Violation of the rules could result in the child being remanded to detention in the secure facility until a final Court hearing.

Throughout 2018, the In-Home Detention Program has also been utilized in providing monitoring services for those juveniles who are proceeding through the Competency Attainment Program (CAP).

Calendar Year 2018

130 Juveniles were provided In-Home Detention Services
109 (84%) of juveniles successfully completed program requirements
21 (16%) of juveniles readmitted to the Detention Home

COMMUNITY INTERVENTION PROGRAM (CIP)

The Community Intervention Program (CIP) provides intensive Court supervision and services to delinquent youth throughout Lorain County. Youth are placed into the program by a Judge or Magistrate as a disposition when adjudicated delinquent for a criminal offense or a status offense but determined to be at high or moderate criminogenic risk. The target population is adjudicated delinquent youth ranging from 12 to 18 years of age.

The program is based on a traditional intensive supervision model. The make-up of the program is characterized by low caseloads, averaging 10 to 15 youth. The youth placed in the program have a prescribed case plan based on identified risks and needs. The program functions on a level system comprised of four phases. As the participant demonstrates appropriate behavior, the level of supervision is diminished. A 45-day family team meeting with CIP staff and service providers and a 90-day review hearing before the assigned Judge is conducted to assess the progress of the participant.

The youth may participate in groups that address anger management, social skill building, and employment skills. All programs have been restructured in an effort to incorporate a more cognitive behavioral approach, inclusive of the utilization of a Cost Benefit Analysis. Program participants in need of mental health and substance abuse services receive assistance through partnerships with various community agencies and service providers. In addition to providing positive interventions, program participants are required to engage in community service opportunities in an effort to provide the participant with an alternative framework for thinking about their wrongdoings.

Calendar Year 2018

- 41 Juveniles participated in CIP
- 34% Youth had felony level charges
- 66% Youth had misdemeanor charges
- 59% Youth were released successfully from the program
- 41% Youth were carried over

SPECIALIZED SERVICES

SEX OFFENDER PROGRAM

Juveniles adjudicated delinquent for a sexual offense are referred for a sex offender risk assessment. The assessment determines appropriate recommendations, with options including community treatment, out-of-home placement, or commitment to the Ohio Department of Youth Services. The Community Control Officer (CCO) will design safety plans for juveniles who remain in the community to provide adequate supervision of the offender and protection for the victim. One CCO supervises this caseload by monitoring their participation in sex offender specific treatment, monitors the juveniles' behavior and actions at home, school, in the community, and supervises compliance with dispositional orders of the Court. The CCO receives specific training to assist in identifying behavior that can lead to further offending.

Offenders participate in individual and/or group therapy with local agency treatment providers. The CCO maintains frequent contact with the treatment providers to share information, observations, and interventions. Programming lasts between 12 and 24 months. Failure to complete all requirements of the program will result in further Court action, usually requiring out of home

placement. Based on age and type of offense, the Court may classify an offender as a Sexually Oriented Offender Registrant (JSORN).

Calendar Year 2018

- 53 Juveniles supervised and participated in treatment
- 12 Completed all Court orders and were released from Community Control
 - 1 Juvenile committed to the Ohio Department of Youth Services
 - 0 Juveniles sentenced to the Detention Home
 - 5 Juveniles in other residential placements / foster homes

MENTALLY ILL – DEVELOPMENTALLY DISABLED CASELOAD (MI-DD)

Juveniles who are lower functioning (not necessarily with lower Full scale IQ scores) and/or have a severe mental health diagnosis are placed on this caseload. These youth typically have an Individual Educational Plan (IEP), psychiatric and psychological treatment services, and/or in-home counseling in place prior to Court involvement. They will often need additional assessments, hospitalizations, and other intensive services due to their presenting needs. Typical referents will have recent (within the past 6 months) episodes of self-harming behavior, psychiatric hospitalization, and/or suicidal ideations/attempts; experiencing crisis based upon their psychiatric symptoms. Youth will have a pervasive mental health diagnosis which results in their inability to regulate their behavior based upon their mental health symptoms.

The Community Control Officer (CCO) provides close supervision and facilitates communication between community service providers, the family, and the Court. This facilitation is vital in identifying and overcoming barriers, recognizing progress, and resolving problems of the child and family. Social Workers and other case management service providers work closely with the CCO who is providing intensive supervision.

Calendar Year 2018

- 10 Juveniles placed on Probation
- 4 Successfully released from Community Control
- 0 Juveniles committed to Ohio Department of Youth Services
- 0 Placed at Court operated Group Homes
- 0 Transferred to a different level of supervision (CIP, General, DH)

BELLEFAIRE / JOP

The Juvenile Offender Project (JOP) is a collaborative effort between the Court, Integrated Services Partnership of Lorain County, the Board of Mental Health, and Bellefaire Jewish Children's Bureau. This partnership provides an extensive assessment and psychological evaluation for juveniles currently involved with the Court, primarily for offenses of violence that have exhibited significant mental health issues. The evaluation is comprised of multiple testing tools, an assessment of the family, and charts and reports from previous service providers and school systems. The assessments may be done by Bellefaire JCB or a contracted service provider. Community resources are recommended and

services put in place to assist the juvenile and family. Bellefaire also provides a JOP/residential bed when the need for inpatient treatment is indicated.

Community Control Officers are responsible for monitoring and assisting in the components of the case plans. Court staff monitors and documents all contacts with the juvenile and family, attends staff meetings, makes home visits, participates in JOP/4-C Children's Continuum of Care Committee reviews, and provides transportation services when necessary. The MI/DD Community Control Officers work closely with the JOP participants, their families and service providers.

Calendar Year 2018

- 14 JOP level evaluations completed
- 2 Juveniles placed on Specialized Services Supervision (SFY, MI/DD)
- 2 Juveniles placed in other Court programs
- 5 Juveniles placed "out of the home" (i.e. Stepping Stone Residential Center, Pathways Group Home, Detention Home or Ohio Department of Youth Services)
- 5 Juveniles placed in the Mental Health Court / Drug Court program

SUCCESS FOR YOUTH

Success for Youth provides skill development for lower functioning, delinquent youth. Programming offers an opportunity to learn social skills, computer skills, and job skills to assist juveniles in obtaining employment and eventual independence. Success for Youth focuses on males and females in Lorain and Elyria, ages 15-17, who are experiencing difficulties due to their low level of intellectual functioning.

Catholic Charities collaborates with the Court to provide case management, social skills development, assistance with career development, preparation of resumes, computer skills and realistic job skills training that is designed to meet educational and employment needs, as well as personal development.

Calendar Year 2018

- 19 Juveniles served
- 6 Juveniles successfully released from the program
- 1 Juvenile unsuccessfully terminated
- 3 Juveniles transferred to another program

MENTAL HEALTH COURT

The Mental Health Court docket under the direction of the Honorable Judge Lisa I. Swenski is not a separate Court, but is a specialized program that works within the framework of the Domestic Relations Court. Mental Health Court began in February, 2010 and serves juveniles charged in Juvenile Court who also have a mental health diagnosis which may have traditionally presented barriers to the youth's success. The Honorable Lisa I. Swenski presides over the Mental Health Court team. The goals of the program are to divert these youth into Court

monitored treatment, to reduce recidivism among mentally ill delinquents, and to empower the participants to lead more clinically stable, safe and law-abiding lives in the community. In the short-term, the program can provide opportunities to youth who would not necessarily get treatment on their own. In the long-term, the program assists in preventing further involvement with the Court and increasing their responsibility to the community.

The Juvenile Mental Health Court serves youth who have been adjudicated delinquent, who have severe and persistent mental illnesses that are contributing or mitigating factors in their law enforcement involvement and for whom Court-monitored treatment and other services would enhance their ability to lead a law-abiding life. In an agreement with the Lorain County Prosecutor's office, the youth's presenting charges will be dismissed if they successfully complete the program.

In 2018, the Juvenile Mental Health Court received ongoing certification and recognition as a Specialized Docket as outlined by the Rules of Superintendence and the Ohio Supreme Court. Recertification / renewal will take place in 2020.

Calendar Year 2018

16	Juveniles served in the program	(11 Males - 5 Females)
4	Juveniles terminated from the program.....	(3 Males - 1 Female)
6	Juveniles successful completions/Charges dismissed...	(5 Males - 1 Female)
6	Carry-overs	

JUVENILE DRUG COURT

The Lorain County Juvenile Drug Court program serves juveniles who have been adjudicated delinquent and have been diagnosed as being substance abuse dependent. The program is funded, in part, by a grant through the Ohio Department of Mental Health and Addiction Services.

The Honorable Judge Frank J. Janik presides over the team of the Juvenile Drug Court. Participants must engage in drug and alcohol treatment, demonstrate stability in their educational program, engage in positive activities in the community and achieve sobriety with the assistance of intensive treatment and supervision. Juvenile Drug Court utilizes a level system with graduated sanctions and rewards. Based on an agreement with the Lorain County Prosecutor's Office and upon successful completion of the program, the presenting charge(s) are dismissed and the record is sealed. Failure to comply with the terms of the program results in termination from the program and the case being set for disposition.

In 2018, the Juvenile Drug Court was awarded ongoing certification as a Specialized Docket as outlined by the Rules of Superintendence of the Ohio Supreme Court. Recertification will take place in 2019.

Calendar Year 2018

- 12 Participants in the program (10 Males – 2 Females)
- 7 Juveniles terminated from the program..... (5 Males – 2 Females)
- 3 Juveniles graduated / charges dismissed (3 Males – 0 Females)
- 2 Carry-overs

FAMILY DRUG COURT

Family Drug Court is partially funded through a grant from the Ohio Department of Mental Health and Addiction Services. Family Drug Court assists clients of Lorain County Children Services (LCCS) who are drug/alcohol dependent and their children have either been adjudicated abused, neglected or dependent, or the clients are involved with LCCS on unofficial/In-Home cases. Participation in Family Drug Court is voluntary, but upon agreeing to participate, a Court order or Participant Agreement requires compliance. Compliance is expected with all program components. The ultimate goals are for participants to retain or regain custody of their children, working towards completion of the case plan components and maintaining sobriety. Failure to comply can result in LCCS seeking permanent family/relative placement, temporary custody, permanent custody, foster care or adoption.

The Family Drug Court team is comprised of the Honorable Judge Sherry L. Glass (who presides over Family Drug Court), Program Coordinator, Court Case Manager, treatment counselor from The LCADA Way, a representative from Voices for Children (guardian ad litem program), Elyria YWCA, Faith House, the Nord Center and two designated caseworkers from Lorain County Children Services. Collaboration between agencies provides In-Kind services addressing drug/alcohol dependency, parenting skills, domestic violence awareness, life-skills preparation, employment guidance and assistance in obtaining housing. Mental health counseling is also an integral part of the program.

In 2018, the Family Drug Court received ongoing certification and recognition as a Specialized Docket as outlined by the Rules of Superintendence and the Ohio Supreme Court. Recertification will take place in 2020.

Calendar Year 2018

- 21 Clients served (3 Males and 18 Females)
- 10 Clients terminated due to failure to comply with LCCS, treatment and/or mental health components
- 15 Children placed outside the home with a parent or relative
- 16 Children placed in foster care
- 6 Children with parent / reunified with parent at graduation
- 2 Family Drug Court Graduates
- 9 Carry-overs

JUVENILE INTAKE DEPARTMENT

The Juvenile Intake Department, located at the Lorain County Detention Home, performs several functions for the Court. This unit handles the following:

- Unofficial complaints
- First offense shoplifting cases
- Tobacco violations (minimal citations occur)
- Arraignments on official status and delinquency charges
- Unofficial conferences for intervention and diversion purposes
- Preliminary Conferences relating to Truancy

One primary Intake Magistrate, with the assistance of three Court Magistrates, is available twenty-four (24) hours a day, seven (7) days per week, to respond to law enforcement requests for admission of boys and girls to the Detention Home and Turning Point Shelter. The Intake Magistrate conducts the majority of Preliminary Detention hearings, Arraignments and Release hearings for juveniles who have been admitted to the Detention Home. There were 192 Habitual Truant complaints filed in 2018. 104 complaints were diverted from formal action and 30 were adjudicated Unruly. 112 Adult Failure to Send Child to School complaints were filed. In 59 of these cases, diversion was successful. There were 13 Guilty findings. 8 Motions for FDO were filed on Habitual Truant cases and 10 Motions for FDO were filed on Chronic Truant cases.

Calendar Year 2018

- 467 Referrals were Reviewed and Processed
- 173 Unofficial Hearings conducted
- 83 Hearings on official charges on non-detained juveniles
- 326 Detention hearings were held (314 Detention / 12 Carry-over hearings)
- 53 Cases certified from outside of Lorain County
- 167 Truancy Preliminary Conferences conducted

Children involved in domestic violence who are admitted to the Detention Home or Turning Point Shelter are assessed by the Turning Point Shelter Social Worker, who then provides recommendations to the Court regarding risk factors and recommends services to assist the juvenile and family.

Reports that are referred to the Court for consideration of **Diversion Services** are reviewed by the Diversion Specialist. These reports are Unofficial Complaints filed by parents/guardians, school officials and the public, or designated police reports that are screened through the Prosecutor's Office. There were 289 referrals for Diversion Services in 2018. Each referral is reviewed and handled on an individual basis. Forty-five (45) families availed themselves of actual Diversion services. These cases may require an initial contact with a parent or legal guardian, filing as a Record Purpose matter, unofficial conference with the Diversion Specialist (the Diversion Specialist held 173 conferences with juveniles and their parent/guardian), referral for community resources for assistance, follow-up contact, possible official legal charges or Court supervision based on a Status offense (an act that would not be illegal if

committed by an adult). Twenty-four (24) families were referred for services within the home through the Pro-Kids program for diversion cases.

SUPPLEMENTAL PROGRAMS

YES Program

The Youth Education Shoplifting Program (YES Program) is an educational, rehabilitative program offered to juveniles referred to Court for first time petty theft/shoplifting offenses. Participants are ordered into the program from both official and unofficial cases heard by Magistrates and the Diversion Specialist.

Calendar Year 2018

30 Juveniles completed the program / analyzed evaluation:

43%	Low Risk to Re-Offend	National Average	57%
10%	Moderate Risk to Re-Offend	National Average	17%
47%	High Risk to Re-Offend	National Average	26%

EDUVENTION / Substance Abuse Education Program

The Court's Eduvention Program is designed to provide drug and alcohol education and information to juveniles and parents who are referred to the Court for misdemeanor alcohol and/or drug offenses. Juveniles and their parent/guardian can attend the four sessions of the program in lieu of a delinquency charge being filed. Eligible participants are typically, but not exclusively, first time offenders. Some participants are Court-ordered to attend the sessions, while others are referred from a police report provided to the Court from the Prosecutors' office without official charges being filed. A record of their attendance is docketed into the Court record. The LCADA Way (LCADA) provides, at no cost to the participants, Eduvention programming, off-site from Court operations. Pre- and post- program testing, as well as a screening instrument, is administered to participants to determine the need for further assistance or treatment. After an orientation meeting with families, some are determined to require additional interventions and LCADA staff refers them accordingly.

Calendar Year 2018

- 109 Referrals to the program
- 73 Juveniles completed the program
- 14 Completed substitute/alternate programs
- 16 Juveniles officially charged and arraigned
- 10 Carry-overs

PAY-BACK PROGRAM

Restitution is an essential component in the rehabilitation process and is also the means whereby victims find recourse through the justice system. Offenders are

held accountable for their financial obligations to victims. The Pay-Back Program has four objectives:

- Ensure the offender's compliance with Court orders
- Provide a work experience that allows the offender to make restitution
- Provide victims with access to the Court for reasonable redress
- Facilitate communication between the Court, victims, prosecutors, insurance companies, etc...

The process is initiated by the Lorain County Prosecutors' Office prior to dispositional hearings. The victim is required to supply documentation to the Prosecutor verifying their loss. Once the restitution amount is determined, it is ordered at disposition. Following the dispositional hearing, the juvenile and parent/guardian meet with the PayBack Program Manager to establish a payment plan. The juvenile is given two payment options:

- Execution of a monitored, monthly payment schedule
- Placement in a Court approved, non-profit jobsite, credited with minimum wage compensation and payment to the victim is made through the Lorain County Treasurer's Office.

Calendar Year 2018

98	Cases admitted to the program
59	Successful cases terminated
\$38,861.79	Collected through payment schedules and dispersed to Victims
\$12,173.88	Paid to Victims through the Treasurer's Office for Community Service hours completed through the Work for Pay program

Community Service

Dispositional Orders may include community service hours as a means of "giving back" to the community. The Judge or Magistrate may order a specific number of hours of community service for a juvenile to perform as part of their dispositional orders. Placement in a Court-approved, non-profit organization to complete the Court-ordered community service is acceptable. Another option to complete the order is to purchase and donate non-perishable items that are then distributed to various organizations or needy families throughout the county.

Calendar Year 2018

170	Juveniles ordered to complete Community Service
95	Successfully Completed

SCHOOL ATTENDANCE PROGRAM

The Lorain County Juvenile Court's School Attendance Program addresses the attendance issues of students deemed to be truant from school. To address truancy, the program utilizes a formal process, which involves the collaborative efforts of the Lorain County Education Service Center, participating school districts, the Lorain County Juvenile Court and the Lorain County Prosecutor's Office.

The process for addressing truancy follows a continuum of approaches from prevention to intervention to prosecution. In December 2016, the Ohio General Assembly passed House Bill 410 to support and encourage a preventative approach to excessive absences and habitual truancy. The legislation was effective April 4, 2017 with implementation beginning with the 2017-2018 school year.

The new legislation mandates Ohio Schools to track attendance by the hour a student is absent from school, rather than days. A student is considered habitually truant if the student is absent without a legitimate excuse for 30 or more consecutive hours, 42 hours in a calendar month, or 72 or more hours in a school year.

House Bill 410 further acknowledges that non-academic barriers often keep students from attending school daily and on time. In order to fulfill the mandated requirements and address unique barriers, the Lorain County Juvenile Court's Attendance Program works in unison with partnering school districts to establish an Absence Intervention team and develop a specific Absence Intervention Plan based upon the student's individual needs.

When a student has reached habitual truancy, he/she is formally referred to the attendance officer by the school principal or assistant principal. Upon receiving a referral, once the team is established, it is the responsibility of the attendance officer serving the school to address the issue of truancy with the parent(s), the school team and the child through the use of various interventions. The student's progress is monitored weekly and assessed for progress at the 60-day mark. A review of information gathered has indicated that the top five (5) barriers pertaining to Truancy include sickness, transportation issues, medical problems, family issues and mental health concerns. Families identified with "at risk" family issues which interfere with a child's school attendance may be referred for In-Home services provided by a mental health agency within the community. Services are voluntary, but will provide assistance for the entire household.

If a student does not make satisfactory progress on their Absence Intervention Plan, the attendance officer will file an official complaint with the Court. The student will then be enrolled in the Court's Alternative to Adjudication Process, where a Court Magistrate will attempt to divert the case. The Court refers all truancy matters to the Court's Intake Magistrate.

Lorain County Attendance Officers participate in the prosecution process through:

- Preparation of an Absence Intervention Plan, case materials and investigative reports to support the prosecution of a case
- Participation in all adult / juvenile legal proceedings, in which the Attendance Officer initiated formal charges
- Monitoring of the compliance of Court orders

In the 2017-2018 school year, the Lorain County Attendance Program addressed a total of 825 cases. Of the 825 cases that were processed, 737 cases were handled unofficially resulting in them being diverted prior to a Habitual Truancy complaint being filed and 88 failed to complete the Program.

DEPARTMENT OF RESIDENTIAL SERVICES

David Lucey, Director

INTRODUCTION

The Juvenile Facilities Complex provides locked and unlocked residential placement and shelter care for male and female juveniles. The complex consists of a detention center and four buildings providing residential services in a campus-style setting.

Lorain County Juvenile Detention Home

9967 South Murray Ridge Road, Elyria

The purpose of the detention home is to provide secure confinement of appropriate juveniles under age 18. Judges and magistrates determine if detention is appropriate as indicated by statute or the Ohio Supreme Court Rules. Unruly or ungovernable youth may not be placed in detention beyond twenty-four hours. However, delinquent youth may be confined to detention by an order of the Court for a period not to exceed 90 days. Commencing in 2004, the Court sentenced juveniles to the Lorain County Detention Home for up to 90 days. In 2018, there were 30 youthful offenders sentenced to the Detention Home.

As a cost-cutting measure, the Girls Detention Home was closed and the girls relocated to the Boys Detention Home at the end of 2008. Both male and female residents are currently housed in separate wings of the Boys Detention Home.

The Lorain County Detention Homes are licensed and monitored by the Ohio Department of Youth Services. The facilities are designed to house 44 males and 12 females. The staff ratio during daylight hours is 12:1, with a ratio increasing to 25:1 during the 10pm-6am shift.

During the admission process each youth is administered the Maysi II test which screens for mental health issues. Applewood Centers will conduct an assessment if issues are highlighted. Each youth also reviews a 30 minute video presentation on the Prison Rape Elimination Act (PREA) and is informed of our zero tolerance policy for sexual abuse/rape, harassment, and how to report it. The medical staff is available at any time for consultation and has regularly scheduled hours. Within seven days of admission, the detention home nurse or doctor physically examines every juvenile.

While in detention, education continues year-round through the Educational Service Center of Lorain County. Upgrades now provide for twenty-five individual computer stations with emphasis placed on the state proficiency exams.

2018 Admissions

- 333 Males
- 135 Females
- 468 Juvenile Admissions
- Average Length of Stay: 19.25 days
- Average Male Daily Population: 19
- Average Female Daily Population: 6
- Average Daily Population total: 25

Pathways Group Home / Stepping Stone Residential Center

1076 / 1064 Infirmary Road, Elyria

Pathways Group Home and Stepping Stone Residential Center are non-secure court-operated programs for female and male offenders, ages 13-17. The Ohio Department of Job and Family Services licenses and monitors these facilities, which are limited to 6 females and 9 males.

Pathways and Stepping Stone prepare residents for successful reintegration into the community. Programs assist juveniles in managing personal problems and family issues, as well as developing an increased ability to access community resources, and establish positive goals for the future.

Referrals to Pathways and Stepping Stone are made through internal processes of the court. The Department of Probation & Youth Services, Investigation and Referral Team, Magistrates, Lorain County Children Services, and mental health workers provide input in this process. A Judge makes the final determination and places appropriate candidates into the programs.

The formats of Pathways and Stepping Stone parallel each other. Each is a one-year program divided into two phases. Phase one (1) is a minimum 21-week in-house stay. The child will participate in graduated off-grounds visits with the parent-guardian ranging from one (1) hour to seventy-two (72) hours during the first phase of the program. The child and parent-guardian will receive appropriate services on an individualized basis during this phase based on the resident's case plan. Parental cooperation and participation is vital to the child's success in the program. Some group programming for the child will also be included. The Educational Service Center of Lorain County provides educational services for the residents in the facilities. Three certified teachers are present Monday - Friday to work with the residents of Pathways and Stepping Stone.

Phase two (2) is aftercare which typically lasts 3-6 months. The child will live at the home of the parent-guardian during this phase under the supervision of a Community Control Officer/Case Manager. Applicable services will be received during this phase on an individualized basis.

Case plans are developed for each juvenile. Areas addressed through service providers include daily family issues, independent living skills, individual and family counseling, and drug and alcohol treatment.

Turning Point

1080 Infirmary Road, Elyria

Turning Point is a non-secure residential facility providing short-term care (maximum 28 days) for 5 males and 5 females ages 12-17. The juveniles are involved in domestic dispute situations or selected status offenses. The Ohio Department of Job and Family Services licenses Turning Point. Turning Point provides 24-hour supervision and guidance by trained childcare staff. In addition, a full-time social worker provides services to the juveniles and their families with appropriate referrals to service providers in the community. Youth who are involved with domestic disputes receive a domestic violence screening by the social worker. The information gathered is used to establish an appropriate reunification plan.

Admissions are approved by the Intake Department and judicial orders. Turning Point does not function as a sentencing or dispositional alternative. It is a program for youth in crisis or emergency situations.

The goal of Turning Point is to return the youth to their home after a brief respite without further intervention by the court. During 2018, Turning Point served a total of 157 youth – 82 males and 75 females.

DEPARTMENT OF FISCAL MANAGEMENT

Kristen Richardson, Director

Introduction

The Lorain County Domestic Relations Court receives funding from the Lorain County Board of Commissioners, state, federal and local grants. The County's General Fund provides the majority of the Court's annual budget. Funding is applied to youth and family services, operational costs, and support staff salaries and benefits for over 160 employees.

Fiscal

The Fiscal Department prepares and monitors the Court's annual budget, records revenue and processes payments exceeding \$10 million dollars annually. The department is also responsible for the monitoring and management of all state and federal grants, financial processing of all court expenditures, payroll, benefits, purchasing of supplies and equipment and court appointed counsel payments. In 2018, the department processed over \$532,000.00 of state reimbursement requests for court appointed counsel.

Grant Writing and Management

The Grants Department is responsible for researching grant opportunities available through state, federal and local agencies, writing grant proposals and monitoring grant and entitlement programs received. In calendar year 2018, the Grants Department applied for two grants, with a total potential award of \$394,110.00. One grant was awarded in the amount of \$234,118.59 and one was denied for \$159,991.41.

Systems Management

The Systems Department is responsible for the Court's computer hardware, software and other related systems. The Court's case management system, Courtview, is used to maintain the Court's docketing, imaging, and judicial and probation management systems. Systems also manages the high resolution digital security camera system located at the Detention Home and Facilities Complex that allows for remote monitoring and archiving 160 days of security camera data. The video security system provides comprehensive monitoring capabilities and a heightened level of safety for the juveniles and staff.

In 2018, Domestic Relations Court continued their collaboration with various county agencies and elected officials to finalize their selection of a new case management system. Domestic Relations Court also applied for the Supreme Court of Ohio's Technology Grant to upgrade our current case management system in the amount of \$159,991.41, which was denied.

DOMESTIC SUPPORT UNIT

The Lorain County Domestic Support Unit provides judicial services to the Child Support Enforcement Agency (CSEA), operated by the State of Ohio Department of Job and Family Services.

Ohio's child support program is a federal, state and county partnership charged with creating and implementing programs that meet federal and state laws and regulations. The Lorain County Domestic Relations Court contracted for both judicial services and juvenile clerking services for 2018. The juvenile clerking contract totaled \$468,668.64 and the magistrate services contract totaled \$423,879.26. The contracts provide funding for the operation of the Domestic Support Unit and include full and partial reimbursement of salaries and benefits for 16 court employees, including two magistrates.

The purpose of the Domestic Support Unit is to provide judicial services to address all issues involving the support of children, including establishment, modification and enforcement. The juvenile clerking unit provides staff to prepare and file formal documents and journal entries pertaining to child support.

During the 2018 calendar year, the Domestic Support Unit conducted 6,375 hearings involving issues of child support. The Juvenile Clerk's Office registered 23,958 journal entries for filing during the twelve-month period of 2018.

Hearings Conducted in 2018

Paternity	931
Contempt	3,525
Criminal non-support	282

All others	214
Total	6,375

The Domestic Relations Division of the Lorain County Court of Common Pleas is sincerely grateful to the many agencies, community leaders and providers that all work toward the common goal of providing effective and efficient services to the citizens of Lorain County.

This goal, coupled with the creative vision, energy, and passion of those involved, allows this Court to continue being a positive force in addressing the needs of the community.

We sincerely thank all those who contributed their time, energy, resources, and effort into making Lorain County a leader among Courts in the state of Ohio.
